Numbers don't change in any language, so Kati's quick math understanding is easily shared in Algebra II.

## The FINNISHED Product!

"And as you read," Miss Bohlen told her fourth hour English III class, "write down any words that are unfamiliar to you." OH NO!!! Would such a task bother someone who had already studied plenty of words in Swedish, German, French, Finnish AND English?? Nope! Kati could handle the chore beautifully!

Transplanted from her native Helsinki, Finland to stay with Christina Hesterberg's family near Gifford, exchange student Eeva Katariina Nuutila demonstrated her quick learning of American ways and words throughout the 82-83 school year. The hardest thing to do at A.T.H.S. besides find enough time, Kati said, was to get her locker open! (Don't worry, even the most American of students may have that problem!)

Good luck to you, Kati. We'll miss your grand smile and lovely accent!

HYKKYLA LUKIO, Kati's "real" school back home

In Kati's letter to everyone at A.T.H.S.: "Hi, I want to tell everybody that I have had a good time at this school, and I want to thank everybody who has been a big help to me when I have had troubles. I will miss this school and all the students (and teachers too). I will remember you always, and I hope that you'll remember me too. Your letters are always welcome!"

Kati and her American "sister" Christina

## Leaning on Each Other!

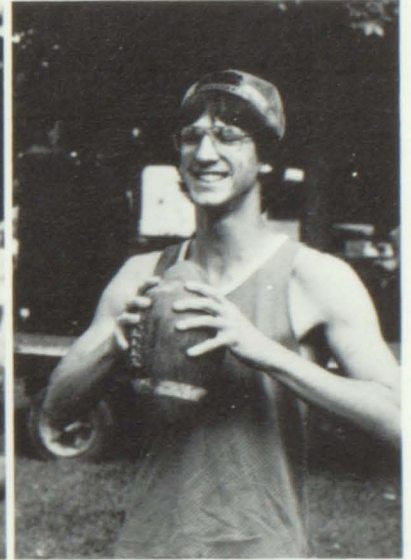

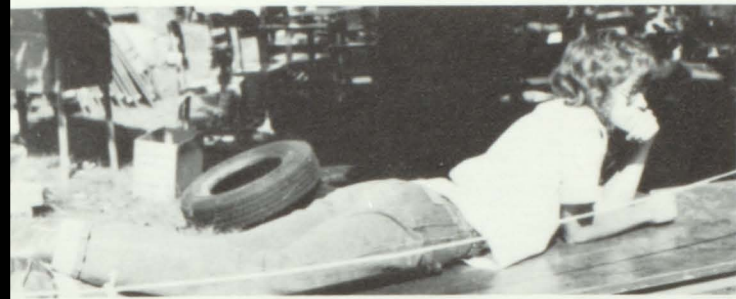

Sixth hour English IV class enjoys working (and playing!) together.

Twila supervises the class sale! Meanwhile, Chris' fate seems "sealed" as Robert determinedly tosses a wet sponge with serious encouragement from back-up bombardier crew, Donald and Joe. But what's that Steve is tossing??

## Learning from Each Other!

Class president Robert Herndon, Vice-president Bryan Severs, Treasurer Dennis Dautzenberg, Secretary Joe Hopkins

## Learning from Each Other!

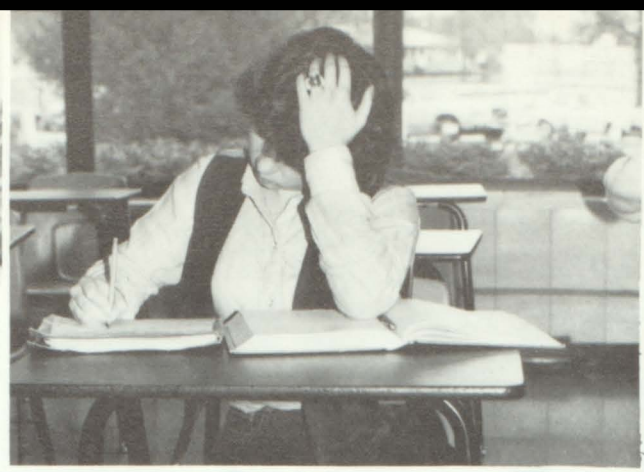

Being a flag custodian is a breeze for the entire senior class this year!

## The Old . . .

Pictured, sitting, above are Sandra Buck, Teri Snyder, Janet Burton and Jenny Chesnut. Standing are Mark Youmans, Twila Park, Ranae Rademacher, Christina Hesterberg, Sara Pflugmacher, Vonda Pflugmacher, and David Goodhue.

## . . . and the New

New members included Paula Basham, Laura Frerichs, Gail Hovel, Ginger Hunt, Mitchell Schuller, Joe Hopkins, and Kati Nuutila.

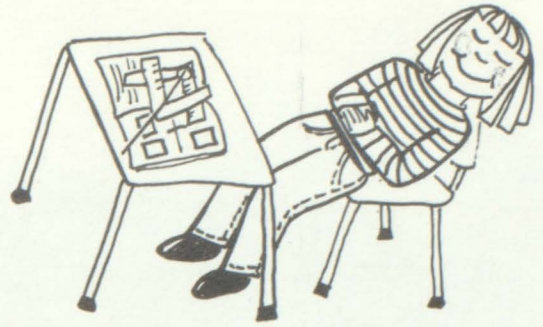

We have the National Honor Society members to thank for assembling all those holiday goodies classmates send to each other. Passing out "Candygrams" is David Goodhue. Above, Julie Buck serves more treats at the annual initiation ceremony.

YEARBOOK EDITOR SANDRA BUCK reviews earlier years.

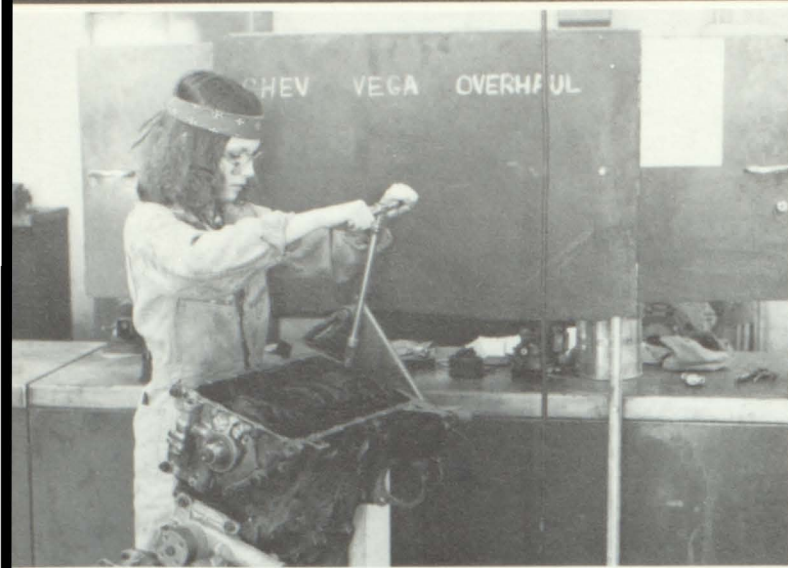

# Yearbook

Jan Schlueter enjoys Kati Nuutila's "yearbook," her collection of photos from back home in Finland. We have Kati to thank for her talent and time in creating the many delightful little creatures that grace our yearbook this year.

The yearbook staff included Wendy Pruiett, Jeri Adkins, Andrew Dewey, Sandra Buck, David Goodhue, Jolie Stewart, Lori Cler, and Chris Ross. Others "drafted" to help out occasionally by yearbook sponsor Lydia Bohlen were Brian Loschen, Teri Snyder, and Vicki Collins.

## Votec

For many students, the most valuable time spent during their high school stay is the one or two year experience of "learning by doing" at Votec. These photos, taken by Mr. Wiest, show Armstrong students absorbed in their work. Liz Allen, Chris Abbott, John Rose and Donald Willfong demonstrate their skills gained from Votec's auto mechanics or autobody training while Dale concentrates on welding as his future career.

## *Learning by Doing*

*David Davis digs his work, and Jim doesn't look too cranky! But is Sandra Early trying to swipe somebody's Kool-Aide??? Jackie Keen deserves a pat on the head for her efforts in "Monkey see, monkey do." And Steve has no problem handling his electronic devices. All in a day's work at VOTEC!*

FHA members sold food and soda at the basketball games and candy throughout the community as their profit-making projects. A St. Patrick's Dance was held with Potomac and in April, the annual banquet was held. Some of the many who enjoyed these latter two events are pictured here. ## *A Touch of Paradise*

The evening of May 7th will remain for years to come in the minds of all who attended. The event, the Senior Prom; the place, Knights of Columbus in Rantoul. After the meal and readings of the prophecy by Teri Snyder and Steve Williams and the Senior Wills by Jolie Stewart and Robert Herndon, everyone danced to the musical talent of "Steeley Creek." Summarizing the evening the best, one could say it was just a touch of paradise!

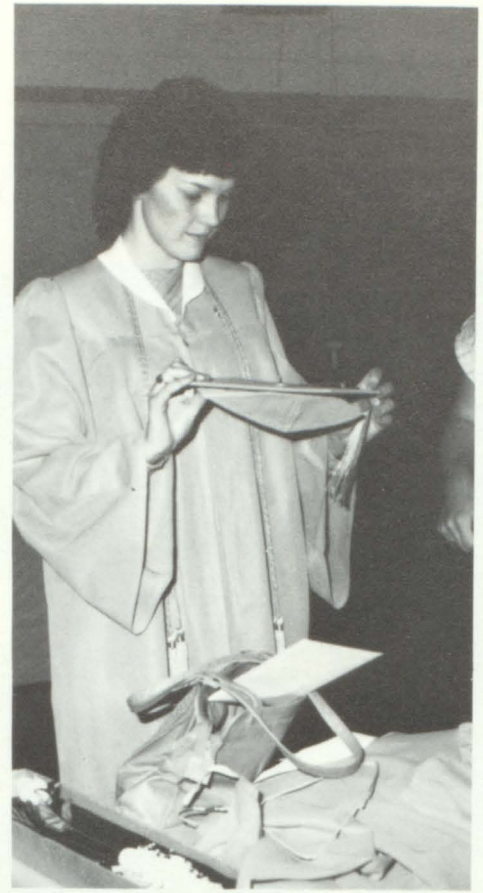

Again, a hardy thanks goes out to Mrs. Tate for organizing and sponsoring the many activities behind the scenes for prom. And this year, a very special thank you is extended to Mr. and Mrs. Harlan, whose generous contributions of wonderful ideas and hard work certainly helped make Prom '83 a great success!

*at Prom '83*

*"These three things—work, will, success—fill human existences. Will opens the door to success, both brilliant and happy. Work passes these doors, and at the end of the journey success comes in to crown one's efforts."*

We wish happiness to all Armstrong graduates who have the will to work for their success. Good luck!

*Good Luck to the Class of '83*
